

WEDS HIS PUPIL IN  
FRONT OF SCHOOL

Scholars Are Dumfounded at First, but Recover Sufficiently to Cheer Couple.

Vernon, Miss.—Professor Porter, organizer of the Vernon Separate school, and Miss Clarence Palmer, one of the pupils, were principals in a romance that grew into marriage before any of the other pupils got the slightest ink-

Professor Porter one morning recently called school as usual. He heard all classes apparently without letting his mind turn toward the event that was but a few hours off. At 3 p. m. Judge Armisted Rogers slipped into the schoolroom and took a rear seat. The pupils looked around, thought it uncommon, but concluded that the squire was just a casual visitor. At four o'clock the scholars had all books, slates, sponges and rubbers

ed away, ready for the dismissal Professor Porter ascended the dais, said he was going to turn a new leaf, and asked Missa Paul if she were ready. She flushed shyly. Squire Rogers took her arm together they walked up to the altar on the platform. The marriage ceremony was pronounced while the scholars sat silent and dumb.

The professor kissed his bride. The girls, recovering from their surprise, gave the "three times three" call yell for the couple. Professor Porter is known as an artist, soldier and director. The bride is a beautiful lady of many accomplish-

A Helpful Confession

Mrs. B. writes: "Had suffered for years with stomach disorder. Could not eat without great distress, lost weight and was run down. Feared it was ulcerated stomach."

"Fortunately I secured a sample of HEMO, which seemed to satisfy my hunger, and was retained without distress. I immediately bought a package and started to take it regularly. I continued to take it once a day and improved steadily. After one year I have gained 33 pounds of good solid flesh and can eat any food with no distress. I can recommend HEMO to all sufferers from stomach or digestive disorders."

ANOTHER ELECTION SURPRISE

Enemies of President Wilson will find little solace in the ballot box. Democratic delegates at the recent election, Milwaukee county, presumably the hotbed of Wilson opposition, gave the president as many votes as vice-president Marshall received in Milwaukee four years ago and from 2,000 to 5,000 more than it gave the republican delegates.

The republican delegate candidates fought a bitter contest; spent thousands in advertising, stumped the state from one end to the other, and used every available device to get out the vote. The democrats made no fight, spent nothing for advertising, made no campaign speeches and used no organized effort whatever. The republican vote was "dragged" out, the democratic vote was "piled" in. Yet the democrats polled more votes than did the republicans.

Milwaukee, the center of anti-Wilsonism, gave the president a splendid free-will endorsement, spontaneously offered, freely given.

And the democratic vote in the state was as large in proportion as it was in Milwaukee.

Small comfort for these disgruntled political organs which a few weeks ago proclaimed that Wilson will receive less than one vote in four in Wisconsin next fall.—Sheboygan Press.

NOTICE TO ASSESSORS.

A meeting of the Assessors of Wood County, Wis., will be held at the Court House in the City of Grand Rapids, on Thursday, April 20th, 1916, beginning at 10:30 o'clock a.m.

This meeting is called in compliance with the provision of law requiring such meeting to be called and held for the purpose of conference relative to the duties of assessors in the valuation and assessment of all kinds and classes of property subject to taxation under the laws of the state. The law requires that all assessors shall attend such meeting.

A cordial invitation is extended to members of Boards of Review to attend this meeting.

A representative of the Tax Commission will probably be present and address the meeting.

GASOLINE FROM GAS.

Stockholders of the Columbia Gas & Electric Company were informed in the annual statement that three plants were being erected in the company's natural gas fields for the manufacture of gasoline from gas.

The company plans to add materially to its income from this source, according to President A. B. Leach, and two other plants will shortly be started. By December 1, it is expected that the gasoline output will exceed 20,000 gallons a day.

The company last year produced 46,558,660 cubic feet of gas, of which the Cincinnati district consumed 16,614,119 cubic feet.

Mr. Leach said that the gas was not injured by the extraction of gasoline, and could be used afterward for fuel and lighting as well as though it had been allowed to flow directly from the wells to the consumer.

Inquiry suggested by the Columbia's plans resulted in statements by officers that the process was not new, but had been used for some time.

Only to a small extent. It was said that other companies with natural gas lands were preparing to produce "cracking" gasoline from gas.

The Midwest Refining Company, one of the leading independent oil corporations, with oil wells and refineries in the Wyoming fields, was mentioned as one which is planning extensive additions to its facilities for utilizing its gas output in that way.

In the making of gasoline from gas, the gas is put under great pressure and reduced to a liquid state. The liquid, according to an oil man yesterday, is highly volatile and of "bad" and irresistible humor.

It runs at the rate of about five gallons of gasoline to 1,000 cubic feet of gas, which sells at a substantially higher figure than the ordinary distilled product. At the present time it is said, casing head gasoline in the oil fields at about 25 cents a gallon, which is from 5 to 8 cents higher than the ordinary gasoline.

Automobile users in the natural gas belt who desire a high grade product, filled their tanks at the natural gas plants, paying the higher price willingly.—New York Times.

LOOKING BACKWARD.

In 1765 and 1766, Samuel Sharp of London wrote a series of letters, published in book form, which contain some very interesting observations and comments on Italian life of that period.

Mr. Sharp seemed to be especially interested in the customs and civilization. There follow abstracts which are extremely interesting:

"All the Italian Gentlemen and Ladies are very indolent in the article of splitting before them, never making use of a handkerchief, but in the theatres their nastiness is offensive to the last degree, not only splitting all about them, but also on every part of the wall, so that it is impossible to avoid soiling your clothes."

"This habit is caused by the fact that such excess that I cannot but ascribe the leanness of many Neapolitans, and of the silliness of their complexions, to the abundance of this evacuation."

In the light of our present knowledge of the spread of tuberculosis, we state that his suspicion was well founded but not in the way he imagined. We must doubt that the sallow individuals became so through their own excessive spitting, but may well believe that they became so through the spitting of others, probably tuberculosis.

In contradistinction to the carelessness about spitting in public places, note what the same writer has to say concerning the method of handling the contagion of known cases of tuberculosis.

"To me the smug attitude of superiority of the writer—who, concerning this subject, was really far behind the people he was patronizing—is deplightfully humorous. At the same time it is interesting to consider how long it took the scientists to prove or except this 18th Century Italian theory of the contagiousness of consumption. Recall that this was much more than a century before we arrived at our present understanding."

"Their notions in regard to consumption are dreadfully inconvinient to society; they are so fully persuaded to the contagiousness of this distemper. It is a rule without exception, to burn the doors, the hangings, and almost the whole furniture of a room in which any one dies of consumption; and lately they have begun the practice of removing the floor, for further security. At first I smiled at this prejudice, but I soon found it offensive, not only to the Neapolitans, but to the English who have lived here some time. At present I hold my tongue when they talk on this subject. Men must not be contradicted in opinions which they esteem grounded on experience and matter of fact, more particularly when they think the facts have fallen within their own knowledge."

# MAY GET SHAFTON BUILDING

Stevens Point Journal.—J. H. Brandt, the Grand Rapids meat man, is stated to be negotiating for the building on Main street, recently vacated by the L. Shafston store as a location for his proposed new meat market here. No deal has been concluded as yet, however.

Mr. Brandt has been negotiating with Joseph Micharek, the public square meat dealer, to join with him in the new enterprise and conduct the projected here but Mr. Micharek stated today that he has other plans and will probably not form a partnership with Mr. Brandt. However, he expects to go to Grand Rapids tomorrow to discuss the matter further.

Perhaps no industry in the United States is so seriously affected by the war in Europe as the printing industry is today. A complete stoppage of the importation of the different chemicals and other articles that enter into the manufacture of all grades of paper, from the highest quality of writing papers to the cheapest grades of print and wrapping papers, has so upset the paper market that no printer can tell today what tomorrow's quotations will be. Already prices have doubled in many lines and as the situation is bound to become worse. An advance in the subscription price of all newspapers and magazines and an added cost to all printing must be made if printers expect to continue in business.

Easter was kept as a festival until the fifth or sixth century, but previous to that question of establishing it as a feast day came before the council of Nice, when it was decided forth to be the Sunday following the fourteenth day of the calendar month which happened upon the next day after the 21st of March, so that if it was not to be on that date but on the following Sunday. Easter day, therefore may be on any day within five weeks inclusive of March 22nd and April 25th. It cannot happen earlier than March 22nd and later than April 25th. In 1883, Easter occurred on March 26th, and again in 1894, which will be twice in the present century. In 1951 it will occur again on March 25.

Ray Locke has purchased an Overland touring car.

Atty Hugh Goggin has purchased a five passenger Pullman touring car.

Oscar Uehling is driving a new Regal touring car which he purchased on Friday.

Mrs. Meyer Friedstein and daughter Leonore are visiting in Chicago this week.

Mrs. Win Schill was called to Manitowish on Saturday by the serious illness of her mother.

The new manager of the Grand Rapids Electric Co. took charge of affairs on Saturday, the office being turned over by Mr. Weeks on that day. Mr. Gross comes to us well recommended, and there is no reason to believe that he will not make good in the new place.

The trout fishermen from this vicinity do not report very big catch the first day, although most of them got some fish. The weather has been rather unfavorable for fishing, having been rather cooler than usual at this time of the year, which is not considered good for this kind of sport.

St. Good, who formerly operated the Nekoosa Times, arrived in the city on Thursday to look after some business matters. Mr. Good is now located in Indiana where he is publishing a paper. He reports that he is getting along nicely, but still has a soft spot in his heart for Wisconsin and enjoys getting back here among his old friends again.

Mr. and Mrs. George Ebert of LaCrosse who live in the city for the past week with their daughter, who has been having her eyes treated. Mr. Ebert reports that he had the misfortune to lose his meat market by fire three weeks ago but says he will soon be in business again at Laona. While in the city they were guests at the home of Mr. and Mrs. Albert Waldvogel.

Donald Daly drove up a Regal touring car from Milwaukee on Friday and Saturday, and got thru without any particular trouble on account of bad roads. It is not usual that the trip from Milwaukee here can be made this early in the spring, and roads are either getting better or on account of work that has been done on them or else the weather has been unusually favorable this spring.

Mr. and Mrs. John Lenehan and family who live in the city for the past four years, were in the city on Wednesday on their way to Dyersville, Iowa, where they expect to make their home in the future. Mr. Lenehan has sold his farm in the town of Rudolph to James Platz, who has been living at Dyersville, and who took possession of the place last week. Mr. Lenehan has taken over some city property in the deal and expects to make his home in that city for a time at least.

D. L. Hunter, who owned a farm near Junction City, where he has resided during the past fourteen years, died at Stevens Point on Friday from lockjaw. His sickness was the result of a cut on his foot which he sustained while sawing wood on the 23rd of March. In trying to clear the bottom of the saw from a piece of chip, he slipped in such a manner that his foot struck the saw, cutting a deep and serious wound. This last Thursday a stiffness was noticed in the jaws, which continued to develop, and nothing could be done for him, and the result was that he died on Friday.

Mr. Hamhart informs us that Mr. Conway is getting rock and sand on the ground to build a barn, \$35,000, with full basement, and also a new home 21x32. Klubb Bros of Milwaukee have the contract for the work.

Mr. William Fowler, personal representative of Maudie Doyon (deceased) has booked for an entertainment for a concert at Daly's Theatre the night of May 10th. The fact that Mrs. Doyon is a graduate of Downer College of Milwaukee will please the many graduates of the great school now living in Grand Rapids.

Almond Press—Mr. and Mrs. Frank DeMarch and son Adolph, loaded their furniture and other effects the first of the week and moved to Grand Rapids where they will make their home. Mr. DeMarch and son will open a cigar factory in that city. The DeMarchs have been residents of Almond for a number of years and will be missed by our people, but all will join in wishing them success in their new home. Their new address will be 430 8th Ave.

Miss Mary Jones, who teaches at Phillips is home to spend the week with her parents, Mr. and Mrs. W. T. Jones. Miss Anna K. Hanson, also teaching at Phillips, was the guest of Mrs. Jones over Saturday.

SCHUMAN-HERSCHLEB.

W. F. Schuman of this city and Walter Herschle of LaCrosse were married on Thursday at the home of the bride's parents, Rev. C. Mellicke of the First Moravian church performing the ceremony that united them man and wife.

The ceremony, which was attended by the immediate relatives of the contracting parties, a minister, a sexton, and the invited guests, was held at the home of the bride's parents. At the conclusion of the dinner the bride and groom were engaged in the insurance business.

The bride is the daughter of Mr. and Mrs. Gus Schur in this city, and a young woman who has many friends among the young people and one of our most popular and charming young ladies. They have many friends here who will unite with them in extending congratulations.

# HOODLUMS DISPERSED THE TABERNACLE SERVICES

On several occasions while the services in the Tabernacle were in progress, stones were thrown against the building. In remarking upon the disturbances, Rev. Nelson said that before in his thirteen years of ministry he has never seen such a disturbance. It is certainly a sad commentary upon our city and it indicates that several of our churches cannot hold a service without being molested by irresponsible hoodlums. And there are people who declare that Grand Rapids does not need a revival.

## TEUTONS MAKE GAINS

GERMANS OCCUPY 500 YARDS OF  
ADVANCED TRENCH AT DEAD  
MAN'S HILL.

## HEAPS OF DEAD ON FIELD

Paris Says the Crown Prince's First  
Great Attempt at a General Offens-  
ive Has Resulted in Failure With  
Enormous Losses—Berlin Reports.

Paris, April 12.—Flores German at-  
tacks against the French positions on  
La Mort Homme (Dead Man's Hill)  
were renewed during the night and  
the Teutons occupied 500 yards of an  
advanced trench, it was announced by  
the war office in an official commu-  
nication on Monday.

Mountains of corpses on the front  
northeast of Verdun and west of the  
Meuse river testify to the frightful-  
ness of the German losses.

The ferocity of the assaults around  
Hill 204 and Dead Man's Hill is only  
equalled by the gallantry of the French  
defenders. The text of the official  
communication follows:

"West of the Meuse the bombard-  
ment continued violently in the course  
of the night, particularly that fire di-  
rected against Hill No. 264. An at-  
tack launched by the enemy Sunday  
afternoon against La Mort Homme  
and which in general was repulsed  
with heavy losses for our adversary,  
enabled the Germans to penetrate into  
our advanced trenches on a front of  
about 500 yards long at Hill No. 255.  
We took 100 prisoners.

"East of the Meuse there was a  
very sharp conflict during the night  
in the little wood of Pontaine St.  
Marcel, east of Vacherauxville. We  
made progress in the enemy's com-  
municating trenches south of the vil-  
lage of Douaumont.

"In the Woevre region villages at  
the base of the Meuse heights were  
bombarded.

"It is now known that the day of  
April 9 in the region of Verdun was  
marked by the first great attempt at  
a general offensive on the part of  
the enemy, this extending on a front  
of more than 20 kilometers (12.4  
miles).

"Our adversaries, without obtaining  
any results comparable with the ef-  
forts put forth, suffered losses to  
which the vast heaps of dead before  
our lines bear witness.

"No important event happened on  
the rest of the front."

"The official German statement is as  
follows:

"Enemy attempts to recapture posi-  
tions in the mine craters south of St.  
Eloi were repulsed.

"Fighting with mines around La  
Bassee and the Arras canals has in-  
creased in intensity.

"West of the Meuse river, Bethin-  
court and the fortified points known  
as Alsace and Lorraine southwest of  
Bethincourt were isolated. The enemy  
was cut off, losing 14 officers  
and 700 men. Two cannon and 13 ma-  
chine guns were captured.

"We cleared enemy intrenchments,  
blockhouses and positions north of  
Avocourt and south of Sorvieux  
(Crow's woods). Several officers and  
176 men were captured.

"On the right (east) bank of the  
Meuse the ravine south of the Poivre  
ridge was cleared. There we captured  
four officers, 134 men and much war  
material."

## RUSS REPORT GAINS

NEW GROUND OCCUPIED IN CAU-  
CASUS ADVANCE, ACCORDING  
TO PETROGRAD.

## ALLIES' REQUEST IS REFUSED

Overseas News Agency Says Athens'  
Government Barred Passage of  
Troops of the Entente Powers  
Through Greek Territory.

Petrograd, via London, April 13.—  
The official communication issued  
here says:

"On the Drina front there have  
been artillery duels. In the region  
of the Iskull bridgehead the Ger-  
mans tried unsuccessfully to assume  
the offensive.

"In the region of Dvinsk and south-  
ward in the Lake region the enemy  
artillery in many sectors manifested  
great activity.

"Caucasus front—Southwest of Erze-  
rum our troops continue to occupy  
new ground."

Berlin, April 13 (by wireless)—An  
Overseas News Agency report from  
Athens says that the Greek govern-  
ment has refused the request of the  
entente powers for permission to send  
troops through Greek territory from  
Corfu to Saloniki. The reason given  
is that Corfu is infected with cholera.

London April 13.—A Reuter dis-  
patch from Athens says that the  
British and French ministers in-  
formed Premier Skoufoudis of the  
intention of their governments to  
land forces from the harbor of Ar-  
go-stoli and elsewhere on Cephalonia,  
one of the Ionian islands, a few  
miles west of the main land.

The British and French ministers  
informed Premier Skoufoudis there  
were imperative needs to close the  
harbor, adding that the harbor traf-  
fic would be continued with the least  
possible disturbance.

The premier announced in en-  
ergetic terms that Greece would  
protest against what he termed this  
new infringement of her sovereignty.  
The dispatch says.

## KANSAS NAMES DELEGATES

Bitter Fight on Committee Ends  
in Selection of W. F. Sapp  
of Galena.

Hutchinson, Kan., April 13.—After  
a struggle that lasted until nightfall  
Kansas Democrats, in their state con-  
vention here, were able to settle all  
differences and elect a national com-  
mittee, four delegates at large to  
the national convention and agree on  
resolutions which expressed the senti-  
ment of a majority of delegates present.

The contest for national committee-  
men developed into a bitter fight and  
many unpleasantities between the sup-  
porters of W. F. Sapp of Galena, the  
winning candidate, and J. W. Orr of  
Atchison were engaged in.

The four delegates at large are:  
Mrs. W. A. Harris of Lawrence, by  
acclamation; United States Senator W.  
H. Thompson, now of Kansas City,  
Kan.; A. A. Doer of Larned and Judge  
A. M. Jackson of Winfield.

The presidential electors at large  
are Frank L. Britton of Topeka and  
Judge W. T. McBride of Wellington.

The resolutions as adopted praised  
President Wilson and lauded the work  
of the party in fulfilling the pledges  
made in 1912.

## PRESIDENT PLEDGED AID

Oklahoma Convention Elects Dele-  
gates Instructed to Vote for  
His Renomination.

Oklahoma City, Okla., April 13.—  
Without a roll call and without a  
contest that was not settled outside  
the hall, Oklahoma Democrats in con-  
vention here on Tuesday elected dele-  
gates to the Democratic national con-  
vention instructed to vote for the re-  
nomination of President Wilson.

Thomas L. Wade of Marlow was  
chosen as national committeeman.  
The state's quota of presidential elec-  
tors was named and a platform sup-

## FARMERS WIN STRIKE

MILK PRODUCERS GET RAISE IN  
PRICE AFTER PARLEY.

No Increase for Consumer—Dealers  
Agree to Keep Retail Rate at  
Eight Cents.

Chicago, April 10.—The farmers  
have won the milk war and the con-  
sumer will not be the victim. This  
was the gist of an announcement on  
Friday by Health Commissioner Rob-  
ertson at the conclusion of negotia-  
tions between representatives of the  
distributors and producers.

The producers will get their price  
of \$1.55 a hundred pounds, and the  
consumer will pay the old price of  
eight cents.

The guaranty of the old price came  
from the officers of the Bowman Dairy  
company, whose surrender ended the  
seven-hour parley.

It required a seven-hour conference  
to end the strike.

Incidentally Ed O'Donnell, in a  
Dusenberry car, won the \$5,000 prize,  
making an average speed of 85.5 for  
the 301 miles, Joe Thomas in a Mercer  
was second and Eddie Pullen, Thomas'  
teammate, trailed in third. Tetzlaff and  
Durand finished fourth and fifth respec-  
tively.

Burman's car blew out a tire in the  
ninety-seventh lap as it was rounding  
a curve at a speed estimated at 100  
miles an hour. The speeding machine  
skidded upon a culvert, turned com-  
pletely over and crashed past two tele-  
phone poles into a throng of specta-  
tors. Schrader was dashed to the  
ground and sustained a fractured skull  
and a broken leg. He died five min-  
utes afterward.

In its wild flight Burman's Peugeot  
wrecked an automobile beside which  
Speer was standing. The policeman  
was terribly mangled and died a few  
minutes later.

Hand-to-hand fighting in the com-  
municating trenches south of Doua-  
mont village, where the chief French  
attacks have been launched for the  
past two days, resulted in the capture  
of nearly 200 yards of the German  
trenches.

AMERICAN TROOPS  
ROUT VILLISTAS

Many Mexicans Killed and 35  
Captured.

## FIGHT SOUTH OF NAMIQUIPA

Prisoners Confess They Were in Gang  
That Raided Columbus—Rumors  
Villa Died of Wounds Un-  
confirmed.

Field Headquarters Punitive Expedi-  
tion, South of Namiquipa, April 12 (by  
wireless to Columbus, N. M.).—A re-  
port has just reached headquarters  
here that Troops K and M of the Sev-  
enth cavalry were in a fight with Vil-  
listas to the south of here.

A number of Villistas were killed  
and 35 captured. Eight of the cap-  
tured men confessed to having taken  
part in the raid at Columbus.

Two of this number were suffering  
from wounds which made it impos-  
sible to move them. The other six were  
taken to camp and will be sent back  
to Columbus.

Villa's Death Unconfirmed.

San Antonio, Tex., April 12.—Gen-  
eral Funston said that General Pershing  
had made no request for additional  
troops.

Headquarters officials were frank in  
their expressions of amazement that  
General Pershing had gone so far with  
the forces he has and almost hourly  
have expected word from him that he  
dare not send further into Mexico the  
cavalry columns now about Peralta, 400  
miles south of the border, unless more  
men for the extension of the line of  
communication are provided.

In the absence of any news from  
an official source indicating Villa's  
death, the routine work incidental to  
the conduct of the punitive expedition  
work in Mexico was continued at de-  
partmental headquarters.

No Report of Villa's Death.

General Funston was shown press  
dispatches from various quarters con-  
taining the rumor that the bandit  
chief had succumbed to his  
wounds southwest of Chihuahua, but  
no communication containing even the  
rumor was received from any army  
officer. It was said. General Funston  
made no comment on the reports that  
Villa was dead.

General Pershing now has some-  
thing less than 12,000 men and along  
the border there are something more  
than 18,000. General Funston does not  
consider it wise to remove any of those  
now on duty along the border, unless  
their places are taken by others.

There are only about 4,000 others  
available, it is said.

General Pershing is expected to  
reach Saco, 40 miles south of Chi-  
huahua, tonight, according to a report  
received by General Funston.

Villa Reported Dead.

General Pershing's Headquarters at  
Front, April 12, via Mexican Telegraph  
to Juarez, Mex.—Renewed reports  
have been received here by General  
Pershing that Francisco Villa is dead  
and buried. These reports are under  
investigation.

Meanwhile the hunt for the Villa  
bandits is proceeding with renewed  
vigil with the arrival at the front of  
General Pershing.

Mexicans who had seen Villa on his  
flight south said that the bandit  
looked thin and emaciated a week  
ago.

CANTON NEW REVOLT CAPITAL

Lack of Funds Big Problem of Chi-  
nese Revolutionists—City Is  
Peaceful.

Shanghai, April 12.—The city of Can-  
ton is peaceful and the naval forces  
are favorable to the southern revolution-  
ists.

Lung Chi-Kuang, governor of the  
province of Kwangtung, on account  
of his lack of popularity with the pop-  
ule now in control in the name of the  
revolution, may be sent westward into  
the province of Kwangsi, unless he  
takes refuge at Hongkong.

Revolutionary leaders from Yunnan  
and other southern provinces are on  
their way to Canton, which will prob-  
ably be made the temporary capital  
of the revolutionary government.

Catholic Priest Is Dead.

Green Bay.—The Rev. Bernard Hu-  
genroth, a Catholic educator and  
priest, who has occupied parishes in  
the Green Bay and La Crosse dioceses,  
died in a hospital here. He was 89  
years old.

Concrete Bridge Is Planned.

Stevens Point.—A new concrete  
bridge to cost about \$6,000 may re-  
place the old Rock Run bridge that  
has been swept out by the water and  
ice of the spring breakup.

Locks Metol in Bank Vault.

Beloit.—Metol, one of the most need-  
ed ingredients in the developing of  
photographs has become so scarce on  
the American market that a Beloit  
photographer has taken his supply to  
a safety deposit vault in a local bank.

Kress Goes to Illinois.

Manitowoc.—H. C. Kress, for seven-  
teen years and until recently postmas-  
ter here, has purchased an interest in  
a business college at Canton, Ill., and  
will locate there.

Gross Made Superintendent.

Grand Rapids.—Chester P. Gross,  
connected for several years with the  
railroad commission, has been ap-  
pointed superintendent of the Grand  
Rapids Electric company in the place  
of M. N. Weeks, resigned.

Find Miller's Body.

Manitowoc.—The body of Joseph  
Holly, a shot miller, who was  
drowned four weeks ago, has been  
found. He lost his life while trying  
to save a dam from an ice jam.

Girl Loses Power of Speech.

Fort Atkinson.—Dorothy Hoffman,  
the little daughter of Mr. and Mrs.  
Henry Hoffman, has lost the power of  
speech. Some time ago she got up in  
the morning apparently as well as  
usual, but when she attempted to  
speak her parents she could not speak.

Plum Pie.

This pie is much like the English  
tarts and very delicious. Line the  
sides of a pudding dish with rich pas-  
try and fill with halved and pitted  
plums, scattering plenty of sugar be-  
tween the layers. Cover with a top  
crust in which you have cut several  
sits and pinch the edges together  
closely. Make an ornament of leaves  
from the pastry to decorate the top  
of the pie. Then bake slowly till the  
plums are well done. If the pie browns  
too quickly cover it with paper for a  
short time, after putting in the oven.

STATE WILL SEND  
SPLIT DELEGATION

MEN FROM PHILIPP AND LA FOL-  
LETTE TICKETS CHOSEN TO  
GO TO G. O. P. CONVENTION.

## GOV. PHILIPP IN LEAD OF ALL

Returns From All Except 38 Precincts  
Indicate Thompson, Hauser and  
Doerfler, La Follette Candidates,  
Are Other Delegates-at-Large.

La Follette.—Returns from the en-  
tire state with the exception of thirty-  
eight precincts indicate that Judge  
Emil Daensch and Christian K. Elling-  
son, La Follette candidates for delegates-  
at-large to the republican national  
convention have been defeated. Sam-  
uel A. Cook, La Follette candidate, may  
have been beaten also. The election  
of Gov. Philipp is certain, he having  
run ahead of all other candidates. It  
is probable that the delegates-at-large  
may be Gov. Philipp and three La Fol-  
lette men—James Thompson, Walter  
L. Hauser and Christian Doerfler.

Of the district delegates it appears  
that twelve of the La Follette men  
have been elected. They are: Henry  
Krumrey and A. A. Porter in the Sec-  
ond district, J. J. Blaine and M. B.  
Olbrich in the Third district, Louis  
Pons and Fred Zimmerman in the  
Fourth, E. J. Gross in the Fifth, An-  
drew H. Dahl and J. A. Stone in the  
Seventh, Henry Constock in the  
Tenth and D. L. Dobbie and L. Bowell  
in the Eleventh.

Ten district delegates on the ticket  
headed by Gov. Philipp who appear to  
be winners are: George Ingersoll and  
W. W. Storms in the First district,  
Fred Pritzell in the Fifth, Wm. Rahr  
and Emil Kraemer in the Sixth, Wal-  
ter Alexander and J. P. Jardine in the  
Eighth, M. W. Perry and C. G. Hagen  
in the Ninth, and C. P. Peterson in the  
Tenth.

The same incomplete returns indi-  
cate that Judge John C. Karel, Mil-  
waukee, for delegate-at-large to the  
democratic national convention, ran  
away head of the other four candi-  
dates, receiving more than 49,000  
votes in the counties which have re-  
ported returns. Next in order, came  
Senator P. O. Hustling, W. W. Wolfe,  
La Crosse, and George Hilton, Osh-  
kosh, with Mayor M. J. Scholley, Osh-  
kosh, eliminated.

Demost claim their returns show  
that President Wilson in the prefer-  
ential primary received more than 68,  
000 votes. La Follette supporters de-  
clare that Senator La Follette re-  
ceived more than 72,000 votes.

Druggists to Meet at Wausau.

Wausau.—The 1913 convention of  
the Wisconsin Pharmaceutical asso-  
ciation will be held in this city, July  
13, 19, 20 and 21. The local arrange-  
ments are in charge of eight Wausau  
druggists. The convention promises  
to be an affair of considerable mag-  
nitude and it is expected that at least  
1,000 persons will be here for the  
event, coming from every part of the  
state. These will include members of  
the association, their wives, daughters  
and sweethearts, and drug salesmen  
and clerks. For their entertainment  
the local druggists will make lavish  
preparations.

Will Boost Work on Cutoff.

Ashland.—The Federation of Com-  
mercial Clubs of Upper Wisconsin and  
Upper Michigan was formed here at  
a meeting of representatives of four-  
teen cities, including St. Paul and  
Minneapolis. The primary object of  
this federation is to urge upon officials  
of the Soo railroad the immediate con-  
struction of the reserve station cutoff,  
which will give both northern Wiscon-  
sin and the upper peninsula a direct  
line to the Twin cities.

**TEACHERS' EXAMINATIONS.**

Teachers' examinations for all grade certificates will be held in Wood County as follows:

At the Wood County Normal, Grand Rapids, on Monday, Tuesday and Wednesday, May 15th, 16th and 17th.

At the City Hall in Marshfield on Thursday, Friday and Saturday, May 18, 19 and 20.

In the High School Building at Pittsville on Thursday, Friday and Saturday, May 25th, 26th and 27th.

Teachers whose certificates expire before August 21st, and who expect to renew their certificates by examination, with the usual reading privileges, should attend one of the examinations this spring. Remember that Library Methods is now required for third grade certificates, and that a person who has not taught prior to July 1st, 1915, must have done at least two years' work beyond the eighth grade, one year of which must have been professional training.

Examinations at Pittsville and Grand Rapids will begin at 9:30 A. M. the first day, and at Marshfield at 10:30 A. M. the first day.
